

ELIMINATION OF FUND REDEMPTION FEES

The Board of Directors of Tweedy, Browne Fund Inc. has determined to eliminate the redemption fee imposed by the Global Value Fund, Global Value Fund II – Currency Unhedged and Worldwide High Dividend Yield Value Fund effective July 29, 2019. The Value Fund does not impose a redemption fee.

As a reminder, the Funds are designed for long-term investors and not for those who wish to trade their shares frequently. Each Fund has established a systematic review procedure designed to detect patterns of short-term trading. If such trading is detected, shareholders involved may be prohibited from additional purchases of Fund shares.
